Choose PTS Managed Services to drive your business success through advanced technology and exceptional service. We are first and foremost an IT consultancy and IT services business, we design, deliver, and run complex, mission critical technology for our clients.

We focus on maintaining your operations efficiently and securely around the clock, supporting your employees, technology, and growth

Our Services

INFRASTRUCTURE DESIGN

With over 20 years of experience in Hong Kong and China, our innovative and experienced professionals employ a unique end-to-end approach to ensure the best project results for your workplace environment. Our expertise in converged IT infrastructure and understanding of building operations from the construction industry enable us to design innovative, complex cabling and network solutions. This provides a robust platform on which to build a resilient IT infrastructure, including the design of energy-efficient server rooms and UPS systems.

IT PROJECT MANAGEMENT

Rely on our seasoned IT project management professionals to lead your technology initiatives to success. We ensure your projects are completed on time, within budget, and with the highest quality outcomes.

Collaborate with PTS to elevate your business through tailored IT solutions that cater to your unique needs. Experience the unparalleled advantage of partnering with PTS today.

IT PROCUREMENT

Leverage our expertise in IT procurement to acquire the best solutions for your business. We navigate the complex world of technology vendors and products, ensuring you receive high-quality, cost-effective solutions aligned with your needs.

IT SUPPORT

Our IT Helpdesk serves as your reliable first line of support to address daily technical challenges. Ensure your business stays productive and trouble-free with our efficient, knowledgeable assistance.

INFRASTRUCTURE

Your network is the lifeblood of your enterprise. We deliver security, reliability, performance, and scalability for your technology infrastructure – the essential foundation for your thriving business.

CLOUD MIGRATION

Unlock the potential of cloud computing with our expert guidance. We collaborate with you to develop and implement a customized roadmap to the cloud, tailored to your specific requirements.

AV AND MULTIMEDIA

Discover best-in-class, vendor-neutral AV and Multimedia solutions that add value to your business. Our bespoke designs perfectly match your environment and user requirements while ensuring ease of operation and ongoing support.

WI-FI NETWORKS

Stay connected with high-performance, secure Wi-Fi networks designed specifically for your organization. Our predictive Wi-Fi heat maps and expert analysis guarantee optimal access point positioning, delivering unparalleled performance and addressing any potential bottlenecks.

PTS has been awarded
the ISO 20000
for IT Service Management
